

THE ABBA CONCERT

Abbamania is rated as the number one Abba production in the world. The only one to perform for Mamma Mia, with an all-Canadian cast, from Toronto, Ontario, Abbamania is the largest production of Abba in the world.

Recreating Abba during their heyday, while they were one of the most successful bands in pop history, **Abbamania** shines with authentic costumes made by the seamstress from MAMA MIA, and incredible vocals. **Abbamania** will take you back in time, to when ABBA was on stage, live in concert.

Abbamania performs 22 ABBA hit songs during their two-set show. The performance includes costume changes, choreography, comedy, and a great concert sound. A show for all ages to enjoy, and to sing along to hits such as Waterloo, Fernando, S.O.S, Mama Mia, Super Trooper, Voulez Vous, I Had A Dream, Dancing Queen, and many more.

In the beginning, **Abbamania** spent six months in rehearsals, just for vocal arrangements. ABBA's harmonies are very difficult to reproduce, as ABBA recorded their vocals many times on each record to make them sound big and full. Not only did the cast have to look like Anni-Frid, Bjorn, Benny and Agnetha, they had to sound like them. **Abbamania** was a huge venture. Backed by a live band, they carry charts for a full symphony show. **Abbamania** two shows with the San Diego Symphony, 6,000 tickets, sold out.

Abbamania has performed for the past 18 years to sold out concerts with the London Symphony, the San Diego Symphony, the Boston Symphony, and the Symphonies from Calgary, Chattanooga, Denver, Hartford, Jacksonville, Kitchener, Lexington, Louisville, Montreal, Vancouver, and Winnipeg, to mention a few.
