

## THE DEF LEPPARD EXPERIENCE

# GUNTER . GLIEBEN . GLAUSEN . GLOBEN

Four nonsensical words that mean nothing. But to the millions of Def Leppard fans, they signify that a ceremony of both sight and sound has just begun.

Being called “The Next Best Thing to Def Leppard” is an honor that **Leppard**, The Def Leppard Experience, doesn’t take lightly. Ten years in the making, the band captures the music and the essence of a rock band that has sold over 100 million albums worldwide.

Grabbing the bull by the horns, **Leppard** has stunned audiences all over the world with their amazing recreation of one of the most memorable rock bands and rock songs ever written. The music, the vocals, the harmonies and the screams. Don’t worry, it’s all there. The band has worked hard to make sure that nothing is left out; and once the show starts, **Leppard** never slows down.

The guitars are on 11 and the bass reverberates the low rhythms. The drums cut through the excited crowd as the band glides through a long list of energetic rock anthems and power ballads that will have the crowd singing along and screaming for more.

But being professional, first-class veterans of rock is only part of the band’s arsenal. At the core of this band lives an unrivaled chemistry that comes alive on the stage. The band exudes vitality, and their excitement is contagious. Those of you who have seen them live, already know what I mean. Those who haven’t, well, you’re in for quite a treat.
